

Safety Precautions Notice

Safety_Notice_v2.2

Please follow the safety precautions carefully before you use any LM Technologies Ltd Devices (Branded Only).

Make sure you install any application software provided with the device and ensure you use the device correctly according to the procedures described in this guide.

Warning: This mark indicates topics that could lead to serious injury of your body or damage of the device if ignored or handled incorrectly.

Do not attempt to disassemble or alter any part of the device that is not described in this guide.

Do not allow the device to come into contact with water or other liquids. In the event that water or other liquids enter the interior, immediately unplug the device from the computer. Continued use of the device may result in fire or electrical shock.

Please consult your device distributor, or contact our online support centre.

Do not handle the device if your hands are wet when plugging-in or unplugging, as this may cause an electrical shock.

Do not place the device near any heat source, or expose to direct flame or heat.

Never place the device close to equipment generating strong electromagnetic fields, exposure to strong magnetic fields may cause malfunction or data corruption.
